

Trade-In, Trade-Up

3M™ Eye Protection

Promotion Dates: April 1 – December 15, 2022

Convert to qualifying 3M Eye Protection solutions and receive either a 15% cash rebate on your purchase OR 15% free goods of the same item(s) purchased.

Now's the time to upgrade your worker's eye protection.

3M is offering the opportunity to trade-in or trade-up your current eye protection to 3M protective eye wear featuring one or both of its unique technologies.

1) 3M™ Pressure Diffusion Temple (PDT) Technology

3M's innovative temple design features slotted ribs that provide comfortable pressure equalization, allowing the temples to flex and self-adjust to the size of the wearer's head.

The design applies pressure on the less sensitive back of the head instead of the temples, achieving a comfortable fit

2) 3M™ Scotchgard™ Protector Anti-Fog Coating

- Resists fogging longer than traditional anti-fog coatings through up to 25 washings with water.*
- Helps provide scratch resistance in tough work environments.
- Designed for working in challenging situations, such as hot and humid conditions, indoor/ outdoor work, physically demanding tasks and climate-controlled areas.
- Meets Anti-Fog Performance (X) requirements of the ANSI-ISEA Z87.1 Standard.

Uncoated

Microscopic water droplets bead up, forming condensation and fog, which obscure vision.

3M™ Scotchgard™ Protector Anti-Fog Coating

Reduced contact angle flattens water beads into a thin, transparent film that allows light to pass through.

Promotion Details:

New 3M customers can
Trade-in

OR

Existing 3M customers can
Trade-up

Choose between PDT, Scotchgard or both technologies!

Purchase and convert to qualifying 3M Eye Protection
