# Make Eye Safety a Priority

## Avoid Worksite Injuries

A program that manages the prescription safety eyewear process and provides workers with the eye protection they need to avoid injury is essential for today's businesses.

## Rx Safety Eyewear

*Your Safety. Our Focus.*

**15,730**

Number of occupational eye injuries in 2020\*

\*Source: "Employer-Reported Workplace Injuries and Illnesses-2020." Bureau of Labor Statistics, [www.bls.gov](http://www.bls.gov), November 3, 2021.

### The High Cost of Accidents at Work

When you add together losses in production time, medical expenses, and worker's compensation, eye injuries alone cost US employers more than \$300 million annually.

### Safety for Workers Who Wear Glasses

Workers who wear prescription glasses are restricted to over-the-glass (OTG) eyewear that may not fit properly or misaligns their corrective lenses, making these employees even more susceptible to eye injuries.

### Your Solution for Reducing Injuries

There's a solution to increasing safety for workers who wear glasses without excess expense, a mountain of paperwork, or head-shaking hassle. Turn to Advantage Plus for a complete prescription safety eyewear program.

## A Program With a Fit Just For You

### Service-Focused Solution Delivers Safety, Convenience, and Value

**Advantage Plus is an all-in-one prescription safety eyewear software solution.**

Your **customized website** is the ultimate program administration tool that handles the entire process without paperwork burdens for managers, purchasing teams, and benefits administrators.

#### Look to Würth NSI for...

- Customizable program options
- Various pricing schedules available to suit your needs & budget
- Employee eligibility tracking
- On-demand reporting packages
- Provide higher service levels & faster deliveries
- Customer service team dedicated to the Advantage Plus Rx Eyewear Program

#### STANDARD SERVICE

##### Offsite Provider Network Option

Employees use an online portal to find local eyecare providers and print order authorization forms.

Off-site provider will assist with frame selection and notify your employee when eyewear is ready for pick-up.

#### PREMIER SERVICE

##### Onsite Provider Option

An eyecare provider comes to your facility to fit and dispense prescription safety eyewear.

This onsite dispensing program eliminates employee travel, saves time, and transfers administrative program functions to the eyecare provider.

We can help you advance your company's objectives. Trust us to exceed your expectations with every order.

# Simplify Rx Safety Eyewear Management

## Elevate Your Team's Productivity

Advantage Plus requires minimal time investment from you, yet delivers far-reaching benefits to your company. You'll increase work efficiencies, along with improving on-the-job safety.

### Safety Managers
