Time-Saving Vouchers Make Procurement Easier

Easier Workwear Procurement

What is an Employee Voucher Program?

It allows an employee to purchase company-approved PPE from a secure online portal that invoices the employer. And, since you set a specific voucher amount, orders can't go over budget.

No-Hassle PPE Distribution

We ship the items directly to the employees to eliminate the tedious task of distributing workwear onsite. Plus, our online portal handles returns, too!

Reduced Overhead

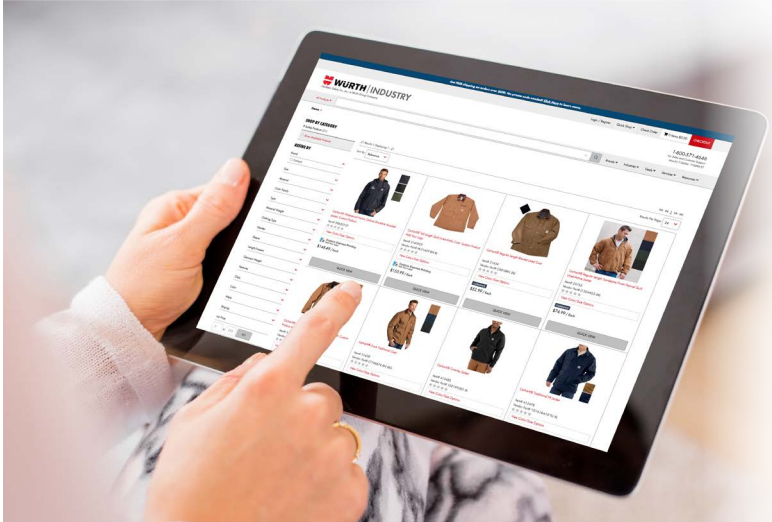

You'll eliminate the storage space and administrative burden of managing large workwear inventories.

What About Complex Safety Requirements on the Job?

We have a wide range of workwear available, including flame-resistant (FR) and high-visibility clothing, and our program is entirely scalable to any industry and location.

Stay on budget!

Built-in transaction limits control purchase totals.

Secure & Hassle-Free Online Portal

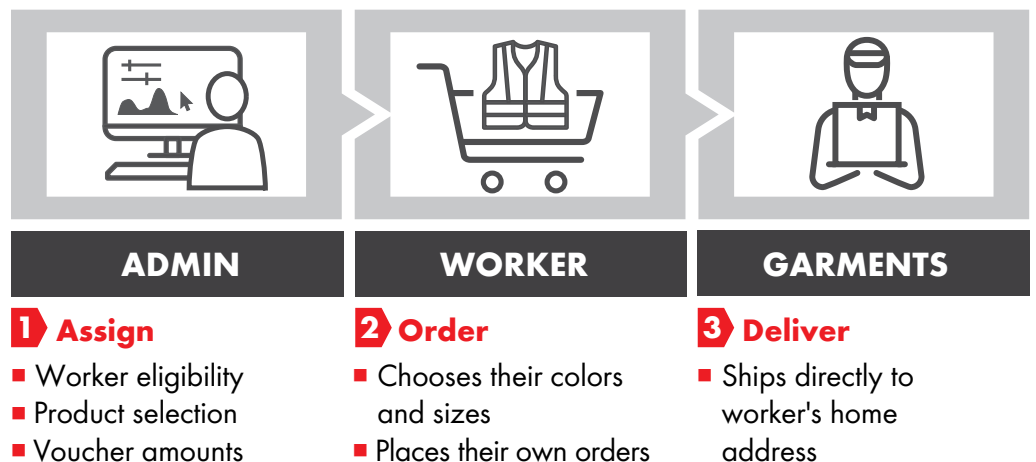

One Place for Management and Visibility of Your Entire Program

Our proprietary DirectConnect® voucher software manages your protective clothing program for you in one secure online portal at northernsafety.com, where you can:

- Browse a huge selection of name brands
- Assign garment selection for different locations, departments, or job descriptions
- Track employee eligibility and orders
- See garment in-stock status
- Set voucher amounts
- View detailed reporting
- Automate voucher recurrence
- Set up payment options, including payroll deduction

PPE Distribution Without Leaving Your Desk

Easy as
1, 2, 3

Customizable tools eliminate the need for multiple tracking spreadsheets!

All-in-One Workwear Management Program
